**There are a bunch of reasons we're Arizona's top dental plan.  
Odds are, one of them is reading this right now.**

At Delta Dental we know why we're #1. It's you, our great dentists. You and your staffs are the main reason we were named Arizona's top dental plan.\* That, and the fact that more of you participate in our dental plan than in any other. A lot more. So thanks again, everyone. And if you want to know the rest of the reasons we're top dog, just call 602-588-3607, or visit us at: [deltadentalaz.com](http://deltadentalaz.com).

**As Arizona's top dental plan, we help keep people's teeth healthy.  
As neighbors, we try to give those in need a reason to smile.**

We've had it pretty good here. To show our appreciation, we help support dental clinics and programs, like Hope 4 Kids, a mobile dental van and Catholic Social Services, that care for folks with no insurance or who've just fallen on hard times. Last year, our donations paid for over 10,000 dental visits —including exams, x-rays and restorations. It's the least we can do to say "Thanks Arizona."
