

**OUR COMMUNITY,
ISN'T DEFINED BY ITS BOUNDARIES,
BUT BY THOSE WHO LIVE WITHIN IT.**

The people have built our community and the companies that thrive here. Their dedication has led our past successes, and ensures our future as well.

Because we understand the value of those who live and work here, the First American Family of Companies has played a significant role in Orange County's growth — for over one hundred years.

**LIKE FINGERPRINTS,
OUR VALUES ARE UNIQUE
AND REMAIN ON EVERYTHING WE TOUCH.**

Our values
are truly our own.
But sometimes the best
way to see them is in
the way they affect those
around us.

At First American,
we understand that our
beliefs directly affect the
growth of our community.
That's why we're so proud
of the role we've played
in its growth. A role we've
had for over 100 years.

**LAST YEAR,
THE HIGHEST-YIELDING INVESTMENTS
WEREN'T ON THE STOCK MARKET,
THEY WERE IN THE CLASSROOM.**

Even within the technological
and automated world of
business, we never lose
sight of the fact that people
are our most priceless
commodity.

We salute the achievements
of the students of the
Katherine Delmar Burke
School. Nurturing the success
and growth of our youth is
an investment that will
benefit us all.
