

**Between
New York
and L.A.
lie a few
famous rivers,
a handful
of national
parks,
and quite
possibly
the most
productive
hours
you've spent
all week.**

There are few interruptions at 40,000 feet. So we designed our eFX™ system with the tools you need to really get things done. Like Live Text News and time management displays that help keep you informed and on schedule. Plus our iXplor™ interactive mapping system lets you explore the world below. And when your work is done, eFX offers hours of digital, audio and video on demand –all powered by Panasonic.® Little wonder more passengers enjoy MAS cabin systems than any other. Visit us at www.mascorp.com or call (949) 672-2730 to learn more. eFX. Don't just sit there.
