

As a Kid, you may have

ALWAYS DREAMED OF BEING

a policeman. Well, we often learn what we're best at [*fig. 1*], long before we know it. You see, around here, folks just have a way of growing up to be what they're supposed to be. Sort of the way Scott & White has grown up. So whatever you turn out to be, we'll be there. With the best health care around. To help keep you — and Central Texas — healthy. Just like we have for over one hundred years. Because we live here, too.

With the best health care around. To help keep you – and Central Texas – healthy. Just like we have for over one hundred years. Because we live here, too.
