

We considered listing
all the advantages our
medical center has to offer.

But it's our
anesthesiologist's job
to put people to sleep.

There's nothing more boring than a long list of medical stuff. Instead, we'll just say that St. Mary Medical Center recently ranked among the nation's best.*
So when it comes to your family's health care, keep us at the top of your list. But if you really want to hear all the medical stuff, call 310-491-9000.
