

“Don’t touch that doggie, he might bite!”

Remember the things your parents used to say when you were a kid? Well, now that you’re grown up, you can ignore every single one of them. Because the Volunteer Center can help you do the things you’ve always wanted to do. We have over 100 projects you can get involved in, like working with stray, neglected or abandoned animals. For as much time as you can spare. Call us at 714-953-5757 or visit us at: www.volunteercenter.org. Volunteer. Now that you’re grown you can do what you want.
